ABOUT ME

Front-End Developer and AI Content Creator with 4+ years of combined experience in building responsive web applications and producing AI-powered digital content. Skilled in HTML, CSS, JavaScript, React, Tailwind CSS, WordPress, PHP, MySQL, Git, and modern AI tools. Experienced in translating Figma designs into pixel-perfect interfaces, integrating REST APIs, optimizing website performance and SEO, and creating high-converting AI-generated marketing content. Passionate about building digital experiences that combine clean code, usability, and creativity.

• HTML5 • CSS3 • JavaScript • React • Vue.js • jQuery • Bootstrap • Tailwind CSS	• PHP • MySQL • REST API Integration • MVC Architecture	• Git • Jira • SEO • Responsive Web Design • Cross-browser Compatibility • Performance Optimization • Debugging • Cyberduck	• Figma • Canva • Adobe • CapCut • GitHub Copilot • Claude AI • ChatGPT • Lovart • ElevenLabs

EXPERIENCE

MAY 2022 – FEBRUARY 2024

Virtual Staffing Solutions
Ormoc City

Web Developer

- Developed responsive web applications and business websites using HTML, CSS, JavaScript, PHP, and MySQL.
- Built dashboards, reporting systems, and data management tools to streamline business operations.
- Implemented secure authentication, role-based access control, and REST API integrations.
- Optimized website performance, usability, and maintainability through debugging and code reviews.
- Resolved technical issues and delivered high-quality solutions aligned with business requirements.

MARCH 2024 – JULY 2026

Forty Degrees Celsius Inc.
Cebu City

Frontend Developer

- Developed responsive web pages, landing pages, and corporate websites for the NativeCamp platform.
- Converted Figma designs into pixel-perfect, responsive interfaces using HTML, CSS, JavaScript, Bootstrap, and Tailwind CSS.
- Built and maintained interactive learning materials and platform features within an MVC architecture.
- Implemented technical SEO best practices and optimized website performance, accessibility, and cross-browser compatibility.
- Collaborated with cross-functional Agile teams using Jira to deliver large-scale features.
- Leveraged AI tools to streamline documentation, debugging, and development workflows.

MARCH 2024 – JULY 2026

Forty Degrees Celsius Inc.
Cebu City

AI Content Creator

- Created AI-generated image, video, and audio assets using prompt engineering and generative AI tools.
- Wrote engaging short-form scripts and marketing content tailored for Japanese audiences.
- Edited promotional videos using CapCut, incorporating BGM, subtitles, transitions, and visual effects.
- Produced multiple content variations and optimized creatives using the Hook–Punch–CTA framework to improve engagement.
